Editing

Editing is something I specialize in, whether it's PhotoShop or a simple app that can be used on a phone. The next few slides will display my editing. These are all old photos between the years of 2012-2016.

Bria Rice

I traveled to Europe summer of 2016 with a student Ambassador group called *People to People*. I had a myriad of photos to choose from, but I will be displaying unedited photos in the next few slides.

Here is a picture of one of my drawings, as I have always intended to let my photography be the main attraction.

Thank you so much for your time! Please excuse the quality of some pictures, it is sometimes skewed on different forms of technology.
